Subject: Gorge Dam - Draft Justification for PFTM
Attachments: Draft Sediment S-S Dewatering_PFTM Justification_V0_04242020.docx

Mary Beth – Attached for your review is the draft justification for PFTM sediment dewatering without a geomembrane or low permeability material other than the PFTM material. Please review it and let us know if you have any comments/questions. Once it is finalized, it can be sent to Bill Zawiski/OEPA and we can follow it up with a conference call.

Cheers!

Bill
